THE RED INK APPEAL

The Red Ink Appeal

The Council of the College of Physicians and Surgeons of Ontario, at its Annual Meeting last year, made provision for the issue of a new Register, at an early date.

Since the date of the issue of the last published Register (1907), there have been several hundred names added to the list of the licentiates of the College, so that the present Register does not in any sense represent its full membership, and, with each recurring year, witnessing further such additions, its value, for purposes of reference, becomes increasingly impaired.

In its book form, the Register is composed essentially of two parts, the first consisting of a copy of the Ontario Medical Act, the second comprising a list of the Members of the College (up to the date of publication), their names and addresses, their degrees and qualifications.

The College Counsel, Mr. H. S. Osler, K.C., will stand sponsor for the correctness of the copy of the Ontario Medical Act, with its various additions, alterations and amendments, as it will appear in the new issue of the Register.

The College Members must themselves, in the last analysis, be held responsible for the correctness of their own names and addresses, as these, in turn, will appear in the same Register. The Officers of the College, while using all available means to collect necessary data, relating thereto, must look to the members for sympathetic co-operation, in the preparation of a Register, which in detail, shall be, as far as possible, full and accurate.

It can never be absolutely so, possibly owing, in part at least, to that ethnic quality, inherent in many of the Members of the Profession, of seeking from time to time a new place of abode, but can, through concerted effort on the part of those Members who are more sessile in this respect, be made of such relative value, as to quite justify any expenditure of energy directed to this end.

There is no field in which the exercise of the personal equation can have more room for play, than in this connection, and none in which less sacrifice is asked of those who are best qualified to contribute to efficiency of service. Such sacrifice, if that which ends in personal gain may be thus designated, is wholly trifling, and quite incommensurate with the benefits which must accrue from its exercise.

The licentiates of the College are aware that the College has a Register, and they know that the measure of its value is determined by the extent to which it is correct and up-to-date.

They know, moreover, that the well-directed efforts of an Executive must fail, in the absence of reasonable aid from supporting units.

“The strength of the pack is the wolf,
And the strength of the wolf is the pack.”

The request of the College authorities, that each Member should send to the Register a memorandum, with a correct record of his full name and address, and with like information concerning his nearest confrères, would not entail, upon his part, an expenditure of more than ten minutes' time, while the value of these scattered memoranda, in collective form, it would be quite impossible to estimate.

Few men will claim that they cannot afford to devote ten minutes' time to the promotion of a cause, in which they have a personal interest, and in support of an Institution, the maintenance of which is essential for the welfare, alike of the community and of the Profession.

To the Members of a Profession, which acts spontaneously, when the call for a display of innate sense of personal responsibility arises, it is quite beside the mark to point out, how an incomplete Register may serve to prejudice professional or personal interests, and how a complete one may serve to promote them. It is not, therefore, necessary to draw the attention of the College membership to such vexatious incidents, as the failure to receive a copy of the Annual Announcement, for want of correct name or address, the possible loss of franchise, for the same reason, the omission, due to the same cause, of name from Register (which will happen, not only following upon non-payment of assessment dues, but in cases of long continued residence abroad, unaccompanied by notification of the same), etc., etc. The possibility of the occurrence of these adverse happenings and petty annoyances will be quite apparent to all who give the matter a moment's consideration.

The great cost of the publication of the Register precludes the possibility of its annual issue. It is, therefore, all the more imperative, that, in its every detail, it should, when it does appear in this occasional form, be such as to satisfy the most exacting demands of the constituency to which it is addressed.

In conclusion, appeal is again made to the Profession, to render (now and from time to time) such effective aid, in this connection, to the Executive, as will permit the latter to publish a Register, which shall possess real merit.

170 University Avenue,
July 1st, 1916.

The College of Physicians and Surgeons OF ONTARIO

Announcement for the Academic Year 1916-1917

“The College of Physicians and Surgeons of Ontario” is the name adopted by the Medical Profession of the Province of Ontario in its corporate capacity. Every legally qualified medical practitioner in the Province is a member of this College. It is not an institution for the teaching of medicine.

The Medical Profession of Ontario was first incorporated under this name by an Act of Parliament of Canada, passed in 1866. This Act was subsequently repealed by the Legislature of Ontario in 1869, and now the affairs of the Profession in this Province are regulated by an Act passed in 1874 (37 Vic., Cap. 30), commonly known as the “Ontario Medical Act,” and further amended in 1887, 1891, 1893, 1895, 1902, 1905, and 1914-1915.

By this Act, the “Council of the College of Physicians and Surgeons of Ontario” is empowered and directed to enact by-laws for the regulation of all matters connected with medical education; for the admission and enrolment of students of medicine; for determining from time to time the curriculum of the studies to be pursued by them, and to appoint a Board of Examiners, before whom all candidates must pass a satisfactory examination before they can be enrolled as members of the College, and thus be legally qualified to practise their profession in the Province of Ontario.

The Council, moreover, has power and authority conferred upon it by this Act to fix the terms upon which practitioners of medicine, duly qualified in other countries, may be admitted as members of the College of Physicians and Surgeons of

Ontario, this being the only mode in which they can become legally entitled to practice their profession in this Province.

For the information and guidance of students of medicine, the Profession, and the public generally, the council, in conformity with the Ontario Medical Act, hereby promulgates for the year 1916-1917 the Regulations which herein follow, repealing all others heretofore in force.

All changes in the medical curriculum shall take effect at the next ensuing annual examinations.

Regulations for 1916-1917

SECTION V.

Examinations—Rules for Candidates in the Examination Hall.

1. Each candidate shall receive from the Registrar a programme containing a list of subjects upon which the candidate is to be examined, and it will admit him to the examination hall during the progress of the examination upon such subjects, but at no other time.

2. Candidates must write the answers to the questions given by the Examiners legibly and neatly upon one side of each page of a book, which will be furnished to each candidate, and the number of each question, as it appears in the examination paper, is to be put at the head of the answer to it, in such a manner as to have the first page facing outward to the view; the papers then to be folded once and enclosed in an envelope, on the outside of which each candidate is to write his name. The packet is then to be handed to the Registrar or his deputy. No signature, number or sign, by which the writer could be recognized by the Examiner, is to be written or marked on any portion of the book to be enclosed in the envelope.

3. The questions of the Examiners in the Homeopathic subjects will be handed, at the beginning of the general examination on the same subject, by the Registrar or deputy, to such candidates as shall have given him notice in accordance with Section III., sub. sec. 7.

They shall write the answers to these questions in the same hall with the other candidates, and hand their papers, when finished, to the Registrar in the same manner as provided for other candidates, to be by him given for examination to the Homeopathic members of the Board of Examiners appointed to examine on that subject.

4. No candidate will be allowed to leave the hall after the questions are given out, until his answers have been handed in.

5. No one shall be allowed in the hall during the hours of examination, except those who are actually undergoing examination, or members of the Council or officials connected therewith.

6. Any candidate who may have brought any book or reference paper into the hall must deposit it with the Registrar before the examination begins.

7. Candidates must not communicate with each other while examinations are going on, by writing, signs, words, or in any manner whatever.

8. Candidates must at all times bear themselves toward the Registrar or Deputy and Examiners with the utmost deference and respect; and they will not be permitted in any manner to manifest approbation or disapprobation of any member of the Board of Examiners during the progress of the examination.

9. Candidates must not only conduct themselves with decorum while an examination is going on, but they will be held strictly responsible for any impropriety of conduct during the whole progress both of the written and the oral examinations.

10. Any infraction of the above rules will lead to the exclusion of the candidate who is guilty of it, from the remainder of the examination; and he will not receive credit for any examination papers which may have been handed to the Registrar or Deputy previous to his being detected in such misconduct.

11. And he may be debarred from further privileges, at the discretion of the Council.

By-Laws of the Council OF The College of Physicians and Surgeons OF ONTARIO

BY-LAWS.

Whereas the Council of the College of Physicians and Surgeons of Ontario are empowered under Section 12, Chapter 176, R. S. O. 1897, to pass By-laws and make Rules and Regulations for its government;

Now, therefore, the Council of the College of Physicians and Surgeons of Ontario enacts as follows:

That all existing By-laws of the said Council of the College of Physicians and Surgeons of Ontario be now and are hereby rescinded, and the following are enacted as the General By-laws of the Council, numbered from One to Eleven inclusive, all of said By-laws having been read a first, second and third time, and duly adopted this 30th day of June, 1916.

H. WILBERFORCE AIKINS,
Registrar.

EDMUND E. KING,
President.

BY-LAW No. 1.

SECTION 1.—MEETINGS.

The Council shall hold one session annually in the City of Toronto, commencing on the last Tuesday in June of each year, at the hour of two o'clock in the afternoon. The Executive Committee may at any time call a special session, and it shall be the duty of the President to call a special session upon receiving a requisition on that behalf, signed by not less than one-half of the members of the Council. No business shall be taken up at a special session except that for which the session has been called, and of which each member has been notified.

SECTION 2.—OFFICERS.

1. The Officers of the Council shall be a President, Vice-President, Registrar-Treasurer, Public Prosecutor, Auditor and Solicitor, and such others as the Council may deem necessary.

2. The officers shall be elected after nomination by open vote, the vote being taken on the nominees in the order in which they were nominated. In case of a tie the presiding officer shall give the casting vote, provided that at the first meeting of a new Council the tie for the office of President shall be decided by the member present representing the greatest number of registered practitioners. When only one candidate is nominated it shall be the duty of the presiding officer to declare him duly elected.

SECTION 3.—ORGANIZATION.

1. At the first meeting of the new Council the Registrar shall call the Council to order, read over the names of the members, and shall call on the Council to elect a Committee on Credentials, and upon the reception and adoption of the Committee's Report the Registrar shall call upon the Council to elect a President. At all other annual sessions of the Council the President (and in his absence the Vice-President) shall take the chair and preside at the election of officers. In the absence of both these officers the Council shall elect a Chairman.

2. The first business after the organization of the Council and the election of officers shall be the appointment of a Committee to nominate the Standing Committees.

SECTION 4.—COMMITTEES.

1. The Standing Committees shall be the following:

- (a) Registration, consisting of five members.
- (b) Education, consisting of nine members.
- (c) Finance, consisting of five members.
- (d) Rules and Regulations, consisting of seven members.
- (e) On Complaints, consisting of five members.
- (f) On Property and Printing, consisting of five members.

And the following Statutory Committees:

- (g) Executive, consisting of three members.
- (h) On Discipline, consisting of not less than three members.

2. The President and Vice-President shall be *ex officio* members of all committees of the Council, standing and special, except Committee on Discipline and Executive Committee.

3. A majority of the members of any committee shall constitute a quorum, providing that the said quorum be not less than three members.

SECTION 5.—RULES OF ORDER.

1. The President shall preside at all meetings (except as otherwise directed in clause 2 of section 2), call the Council to order at the hour appointed, cause the minutes of preceding meeting to be read, confirmed and signed.

2. In the absence of the President, the Vice-President shall discharge the duties of the President, and in the absence of both a Chairman *pro tem* shall be chosen by the Council.

3. The presiding officer shall preserve order and decorum during each session of the Council, and protect the members in the enjoyment of their rights and privileges. He shall decide all questions of order, giving his reasons for such decision, and citing the rule applicable to the case, subject, however, to an appeal to the Council, and in case of an appeal it shall be put by the presiding officer in the following words: "Shall the chair be sustained?"

4. All questions of order upon which an appeal has been made from the decision of the presiding officer shall be decided by a direct vote of the Council, without debate.

5. The presiding officer shall declare all votes; but, if any members demand it, such presiding officer, without further debate on the question, shall require the members voting in the affirmative and negative, respectively, to stand until they are counted, and he shall then declare the result. At the request of any two members the yeas and nays shall be taken and recorded.

6. The presiding officer shall not give any other than a casting vote, but he may express his opinion on any subject under debate, and when so doing he shall leave the chair.

7. The presiding officer shall consider a motion to adjourn as always in order; but no second motion to the same effect shall be made until after some intermediate business has been transacted. This motion must be put without debate.

SECTION 6.—MEMBERS SPEAKING.

1. When any member is about to speak in debate he shall rise in his place and address the presiding officer, confining himself to the question under debate, and avoiding personalities.

2. When two or more members rise at the same time the presiding officer shall name the member who is first to speak.

3. No member, while speaking, shall be interrupted by another, except upon a point of order, or for the purpose of explanation. The member so arising shall confine himself strictly to the point of order, or the explanation.

4. If any member, in speaking or otherwise, transgress the rules, the presiding officer shall, or any member may, call him to order, in which case the member so called shall immediately sit down, unless permitted to explain.

5. No member shall speak more than once upon any motion, except the proposer of the substantive motion, who shall be permitted to reply; nor shall any member speak longer than a quarter of an hour on the same question without the permission of the Council, except in explanation, and he must then not introduce new matter.

6. Any member of the Council may require the question under discussion to be read at any time of the debate, but not so as to interrupt the speaker.

7. When the matter under consideration contains distinct propositions, under the request of any member, the vote upon each proposition shall be taken separately.

8. No member shall speak to any question after the same has been put by the presiding officer.

9. Notices shall be given of all motions for introducing new matter other than matters of privilege and petitions at a previous meeting to that at which it comes up for discussion, unless dispensed with by a two-thirds vote of the members present. Any matter when once decided by the Council shall not be reintroduced during that session, unless by a two-thirds vote of the Council then present.

10. A motion must be put in writing and seconded before it is stated by the presiding officer, and then shall be disposed of only by a vote of the Council, unless the mover, by permission of the Council, withdraws it. Every member present shall vote unless excused by the Council.

11. At the close of the annual session the minutes of the last meeting shall be read, approved and signed by the presiding officer.

12. In all cases not provided for by these rules, resort shall be had to the procedure of Parliament.

13. The Registrar shall make a list of all motions and reports on the table, in order in which they were received, which shall be considered the "General Orders of the Day." The order of the same to be as follows:

SECTION 7.—GENERAL ORDERS OF THE DAY.

1. Calling names of members and marking them as present or absent.

The report is as follows:

Toronto, June 28th, 1916.

To the President and Members of the
College of Physicians and Surgeons of Ontario.

Gentlemen:—

The Fourth Annual Meeting of the Medical Council of Canada was held at Ottawa on the 6th and 7th of June, 1916, and the Registrar reports that the administration of its affairs is going steadily on without friction of any kind.

During the year twenty were enrolled under the Ten Year Clause, and the absence of reciprocal arrangements between the Council and Great Britain is suggested as a reason for this small number, and also for the small number of candidates for the Dominion Examinations.

Since our report for 1915, two examinations were conducted, one in June, 1915, at Winnipeg, and the other in October, at Montreal.

At the June Examination in Winnipeg 40 candidates tried and 21 passed, 12 were rejected and 7 referred.

At the October Examination in Montreal 48 tried. Of these 28 passed, 11 were rejected and 9 were referred. (This year at Toronto 37 tried and 13 passed).

Instead of holding the Examination at Halifax in October, 1915, the Council paid transportation of Candidates to and from Montreal.

For the Examination at Winnipeg this year less than ten candidates registered, and the Council is paying their transportation to Toronto and return, instead of having the examiners proceed to Winnipeg.

The Financial condition of the Council is satisfactory, the Parliament of Canada having continued the Annual Grant of \$15,000.

Full details of the finances and the examinations are given in the report of the Registrar, which is submitted herewith.

The Committee on Standards of Education and Examination devoted its attention during the year to the subject of Matriculation in the several Provinces and Universities of Canada.

This Committee secured and submitted to Council copies of regulations relating to Matriculation from all the Universities and Medical Councils in Canada. Also copies of all Matriculation papers set in Canada during the past year, and a comparative study of these shows:

1. The minimum standard of matriculation is essentially the same for all the Universities of Canada.

2. All the Provincial Medical Councils fix a standard of Matriculation except British Columbia and Saskatchewan. These accept the degrees of approved Medical Schools without enquiring independently as to preliminary education.

3. The subjects required for matriculation are different only in unimportant details. The total content is much the same. The Committee reports the work required in all as satisfactory and adequate, and that absolute uniformity is not necessary or desirable.

In the opinion of the Committee the regulations, curricula and examination for matriculation required by the Universities and Provincial Medical Councils are generally satisfactory and should be interchangeable.

Regarding enforcement of Matriculation Standards by Universities and by Medical Councils this Committee further reports the following statements from the Universities:—

University of Toronto.

No Students admitted to the study of Medicine without complete matriculation.

Manitoba University.

Students must have full matriculation before registration.

McGill University.

During the past three years no student admitted without complete matriculation.

Queen's University.

Under special conditions a student with incomplete matriculation may be permitted to attend for the first year. Subsequent to this enquiry regulations amended. No admission hereafter without complete matriculation.

Western University.

During the session 1915-16 all Students registered satisfied the entrance requirements.

Laval (Quebec).

Session 1915-16, 89 students admitted, 73 had B.A., 6 had brevet, 10 irregulars admitted on payment of \$15.00 extra who were examined by a Board appointed by the Faculty.

Laval (Montreal).

Out of 40 admitted in session 1915-16 all but 11 had the brevet. These eleven had some certificates, but were again examined by the Faculty.

Dalhousie University.

All this year had complete matriculation, but failure in one subject only allows the student to be conditioned for one year only.

The full text of this Committee's interim report is presented herewith. It is to be supplemented by information relating to matriculation conditions in Great Britain and the United States before final adoption by the Council. Thereafter it will be published.

This is the final session of the first Medical Council of Canada, and in summing up its work the retiring President, Dr. Gibson, in his address said:

1. The number of men registering under the Ten Year Clause has been less than expected, but during the past year this has improved, and no doubt will improve still more.

2. The number of candidates for examination shows a tendency to fall off from year to year, but this can no doubt be accounted for by war conditions.

3. We have gained largely the respect of the several licensing and teaching bodies of the Dominion by maintaining a high standard of examination.

Saskatchewan already has abolished the Provincial Examination and accepts in lieu thereof the Dominion License, and the hope is expressed that other Boards may do the same.

In regard to the question of reciprocity with Great Britain, in reply to a letter on the subject the Registrar of the British Medical Council said:

"So soon as the Act has been applied to each Province without exception the General Council of the United Kingdom will be prepared to represent to His Majesty in Council that at length a working arrangement applicable to the whole Dominion is in opera-

tion, and that the Act of 1886 may therefore properly be applied to the Dominion as such. An Order in Council would at once enable us to recognize the diploma granted after examination by the Medical Council of Canada, together with the license to practice either in Canada or in any of its Provinces, as a sufficient qualification for registration in the United Kingdom, under Sections 11 and 13."

Honourable Dr. Thornton, who has charge of this subject in the Council, and to whom the letter was addressed, further stated that now there was reciprocity between Great Britain and all the Provinces, with the exception of Alberta.

Notice was given of the following Motion for next Annual Meeting:—

"That a Scholarship be established to be awarded to the Candidate making the highest total of marks at each examination held by the Council, the amount of the Scholarship to be sufficient to permit the holder to spend at least a year in professional studies abroad, the direction of these studies to be under a Committee of the Council."

Notice was also given of the following Motion:—

"That the Medical Council of Canada appoint a special committee whose duty shall be to personally inspect and report on the various medical schools and Universities of Canada, actively engaged in the teaching of Medicine."

The next Annual Meeting will be held at Ottawa commencing on the second Tuesday of June, at 10 o'clock in the forenoon.

All of which is respectfully submitted.

Rep.

Reports re Matriculation and Curriculum.

Dr. Ferguson read the reports of the Special Committees on Uniform Standards of Matriculation and changes in the curriculum and moved, seconded by Dr. J. M. MacCallum, that the report of the Special Committee on Uniform Standards of Matriculation, and the report of the Special Committee on Changes in the Curriculum be referred to the Education Committee. (Carried).

Report of Registration Committee.

After reading the report of the Registration Committee, Dr. Routledge moved, seconded by Dr. Hamilton, that the report of the

Registration Committee, presented earlier in the Session, be now adopted. (Carried).

The report is as follows:

Toronto, June 28th, 1916.

To the President and Members of the Council of the
College of Physicians and Surgeons of Ontario.

Gentlemen:

Your Committee on Registration begs to report as follows:

Re E. G. Berry: Moved by Dr. Griffin, seconded by Dr. Ferguson, that petition be not granted. (Carried).

Re George Hanley: Not considered.

All of which is respectfully submitted.

(Sgd.) G. A. ROUTLEDGE.

Report of Discipline Committee.

The reports, three in number, of the Discipline Committee, concerning Drs. W. P. Thomson, J. C. McCabe and J. Lafferty, were read. In all three instances the offending licentiates admitted having prescribed cocaine or heroin, under circumstances which, in the Police Court, were held to be sufficiently grave, as to warrant the recording of a conviction against them. Each of them made ample apology to the College, and undertook not to repeat the offence.

The committee recommend that their apology and undertaking be accepted by the Council, and that no further action be taken.

Upon motion of Dr. Crain, seconded by Dr. Wickins, the reports were adopted.

With the consent of the Council, Sir James Grant was allowed to introduce a notice of motion dealing with the superlative accomplishments of the late Field Marshal, Lord Kitchener.

Report of Executive Committee.

Dr. Griffin read the report of the Executive Committee, and, upon motion of Dr. Griffin, seconded by Dr. Hardy, discussion of it was deferred until the afternoon session.

Medical Council of Canada, and Representatives from the C.P.S.O.

Dr. Routledge nominated Dr. Spankie as one of this College's representatives on the Medical Council of Canada.

Dr. Ferguson nominated Dr. Griffin as one of the representatives of this College on the Medical Council of Canada.

Dr. Argue moved that the nominations close. (Carried).

As Drs. Spankie and Griffin were the only representatives nominated, the President declared them elected.

Both gentlemen gave gracious expression of their thanks.

Ruppert, Dr. Andrew.

The Registrar placed before the Council, a newspaper report of the conviction in the Police Court, Toronto, of one Dr. Andrew Ruppert, a licentiate of this College, for having sold cocaine for improper use. The Council referred the case to the Discipline Committee.

Dr. Argue moved, at twelve o'clock noon, that the Council do adjourn, to meet in afternoon session at 2.30 p.m. (Carried).

The Council adjourned.

Minutes confirmed.

(Sgd.) EDMUND E. KING,
President.

AFTERNOON SESSION.

2.30 p.m. Wednesday, June 28th, 1916.

The Council met in session at 2.30 p.m. Wednesday, June 28th, 1916.

Roll Call.

The Registrar called the Roll and the following members responded to same: Drs. Addison, Arthur, Argue, Becker, Brodie, Crain, Cruickshank, Dales, Emmerson, Farncomb, Ferguson, Sir James Grant, Drs. Griffin, Hamilton, Jarvis, Johnson, Kellam, King, Eccles, J. M. MacCallum, S. McCallum, Routledge, Connell, Spankie, Stewart, Walters and Wickins. Dr. Hardy entered later.

The minutes of the morning session were read and confirmed.

Dr. Johnson handed in the annual report of the Public Prosecutor of the Council, which was received and ordered to be filed.

The report is as follows:

Toronto, June 1st, 1916.

To the Chairman and Members of the Prosecutions Committee of the Ontario Medical Council:

Gentlemen:—I beg to submit the Annual Report re Prosecutions and Investigations.

NAME.	ADDRESS.	DISPOSITION OF CASE.
Mary Liss	Brantford	Fined \$25.00 or one month in gaol. Went to gaol.
W. H. Crowel	Chesley	Fined \$30.00 or one month in gaol. Appealed to County Judge. Appeal dismissed. Fine paid.

Howard McEwan	John Island	Fined \$25.00 or 30 days in gaol. Fine paid.
G. W. Armstrong	Scott Station	Charge withdrawn as there was no Registered Doctor near him.
Isaac Fink	Toronto	Fined \$25.00 or 30 days in gaol. Fine paid.
Louisa Bradby	Hamilton	Pleaded guilty, but Magistrate refused to fine her as she had an English certificate as a Midwife.
G. A. Lonsbury	Grimsby	Case dismissed.
Jas. G. McKee	Elk Lake	Prosecution stopped on his promise to stop practicing until he passed his examination.

J. A. H. Joyal	Haileybury	Fined \$25.00 or 30 days in gaol. Fine paid.
Joseph Foley	Toronto	Fined \$25.00 or 30 days in gaol. Went to gaol.
Wm. Spar	Hamilton	Left Province after being summoned. Warrant out.

There were very few complaints regarding unlicensed practitioners during the year.

There was one case where an Osteopath named Jacobs was reported to have attended a confinement case. Investigation showed he did not attend the confinement, although he had agreed to do so, but that he had obtained \$500.00 from relatives of the child's father, on the understanding that he would prevent a prosecution on a criminal charge, the mother of the child being under age. The evidence obtained was handed to the Crown, who prosecuted him for obtaining money by false pretences. He pleaded guilty, refunded the money, and was allowed to go on suspended sentence, on payment of about \$60.00 costs.

Another case where a man named Foley was convicted for pretending to be a Doctor. The evidence showed he was guilty of an indecent assault, for which he was also convicted, and sentenced to three months in gaol.

During the year there were three members of the Profession brought before the Discipline Committee, charged with unprofessional conduct; they having been convicted in the Police Court for prescribing cocaine, heroin, etc., for other than medicinal purposes. A report of the Committee regarding their cases, will be laid before the Council.

Dr. Edward Roy Tyrer, a registered Medical Practitioner, was on March 7th, 1916, convicted of a criminal offence, in a Criminal Court at Toronto. Proof of same was submitted to the Registrar, to enable him to take the action required by the Ontario Medical Act in such cases.

Dr. Tyrer's name has been erased from the Register.

In conclusion, gentlemen, I have to thank you for the advice and assistance given me.

Your obedient servant,

JOHN FYFE,
Prosecutor.

Notice of Motion.

Dr. Ferguson gave notice of motion, seconded by Dr. Argue, that the Finance Committee be requested to consider the propriety of paying the membership fee of Dr. Griffin, our representative elect to the Canada Medical Council.

Sir James Grant's Motion, re Lord Kitchener.

Sir James Grant read the motion of which he gave notice at the morning session, when it was moved by Sir James Grant, seconded by Dr. Johnson, that the motion be adopted. (Carried).

The motion is as follows: Moved by Sir James Grant and seconded by Dr. Johnson, "That the members of the Council of the College of Physicians and Surgeons of Ontario thoroughly appreciate the fact that, at no period of our history were all parts of the British Empire more closely knit together than at present, the undoubted outcome of a war involving the whole world. Under these circumstances, guiding and directing, in a considerable degree, the important problem of medical education in Canada, and taking a deep and abiding interest in the status of the medical and surgical force in charge of our army, we embrace this opportunity of placing on record our appreciation of the masterly efforts of Lord Kitchener who died, as he lived, for his country, and whose loss to the Empire is one of the heaviest blows we have been called upon to bear. Since the commencement of this war, Kitchener has been a name to conjure with, and inspired confidence in all surroundings. How fortunate his splendid work of equipping a vast army was really finished, when came the shock of his tragic death, a source of world-wide dismay and sorrow. His genius lay in infinite capacity for taking pains in matter of detail. He was more than a military power, a first class diplomat, an able administrator, strongly in evidence by his remarkable efforts in Egypt, Africa and India. A noble tribute by the nation was paid him, when, stopped at the gangway of the steamer about to convey him back to Egypt, and invited to accept the duties of Secretary of State for War, hailed by acclamation. Roberts and Kitchener were linked closely in life, mysteriously joined in death, and truly left an imperishable record."

Report of Executive Committee—Adoption of.

Dr. Griffin read the report of the Executive Committee, clause by clause. Following the discussion of the same, Dr. J. M. MacCallum moved, seconded by Dr. Wickins, "that the President appoint a committee to express the opinion of this Council on the regulation of the practice of midwifery in this Province, as requested by Mr. Justice Hodgins." (Carried).

The clauses referring to appointment of alternate examiner and American reciprocity were sent on to the Education Committee.

Dr. Griffin moved, seconded by Dr. Hardy, the adoption of the report, as modified above. (Carried).

The report is as follows:

Owing to the extraordinary conditions due to the great war, in which the energies of our country are so strenuously involved, and owing also to the important matters affecting the interests of the Medical Profession now under consideration by the Royal Commission, an unusual amount of work fell upon your Committee. It was found necessary to hold fifteen meetings, the full particulars of which, marked confidential, have been sent to each member of the Council. Your Committee desires to emphasize the confidential nature of these minutes, following the example of the Medical Board of Great Britain.

Believing in the principle of keeping the Council in close touch with the members of the College, communications were sent out requesting information as to the practices of Osteopaths and Chiropractors and other irregulars. A number of responses were received, which have been filed and are at the disposal of the Royal Commission.

The Members of the College were also consulted in order to obtain their views on the Workmen's Compensation Act. Replies to this communication are also filed, to be used at the proper time.

The Committee has been kept advised as to the investigations of the Royal Commission, and has appeared before the Commissioner on several occasions. The painstaking and thorough manner in which the Commissioner is conducting the important matters referred to him has impressed itself upon your Committee.

The consideration of a number of appeals from the report of the Examiners will come before the Council. Very many of them are the outcome of war conditions. The Committee has been very conservative in their decisions on those appeals that they found necessary to pass upon, and strongly feel the advisability of judging each individual case upon its merits.

The Council will be asked to accept the summer session established this year by the University of Toronto as an academic year owing to war conditions, and to appoint a Fall examination at its close.

Your Committee would recommend that an alternative examiner be appointed to take the place of any examiner who during examinations may be absent through sickness or misadventure. The necessity for such an appointment was evidenced in the Spring examinations.

The Council will be asked to consider the advisability of entering into some arrangement to facilitate and regulate a certain amount of reciprocity with American Colleges of reputation.

The Council will have to elect two representatives to the Dominion Council in place of Drs. Spankie and Gibson. These gentlemen are eligible for re-election.

The Discipline Committee has had three cases under consideration, which were referred to them by the Executive. A definite report and recommendation will be offered.

All of which is respectfully submitted.

(Sgd.) H. S. GRIFFIN,
Chairman.

Workmen's Compensation Act.

Dr. Kellam moved, seconded by Dr. Griffin, "that the following be a committee to consider the report of a committee from the Ontario Medical Association re the Workmen's Compensation Act: Drs. Hamilton, Crain, and Stewart, with the mover and seconder."

The motion carried, after the name of Dr. Edmund E. King had been added to the proposed committee.

Midwives' Act Committee.

The President, Dr. King, announced that he nominated, as a committee to meet the requirements of Dr. J. M. MacCallum's motion re the practice of midwifery in this Province, Drs. Argue, Wickins, Farncomb, Emmerson and Arthur.

Serum Therapy and Sir James Grant.

Dr. Connell moved, seconded by Dr. Hamilton, "That the members of the Medical Council of Ontario desire to place on record their appreciation of the discovery of Serum Therapy, by Dr., now, Sir James Grant, in the County of Carleton, General Hospital, Ottawa, in 1861, and the credit only recently announced. (May 20th, 1916, London Lancet). We are truly proud of the honor and glory achieved by our sons in the battle field, for 'King and Country,' and to gain the highest position of the world in

medical science is a record alike creditable to Canada and our institutions of learning.” (Carried).

Sir James Grant made a feeling response.

Discipline Committee—Dr. C. W. Walker, Dr. A. Ruppert.

With the consent of the Council, Dr. Crain submitted a supplementary report of the Discipline Committee, dealing with the cases of Dr. C. W. Walker and Dr. Andrew Ruppert. After reading same, on motion of Dr. Crain, seconded by Dr. Wickins, the report was adopted.

The report is as follows:

Toronto, June 28th, 1916.

To the Members of the College of
Physicians and Surgeons of Ontario.
Gentlemen:

The Discipline Committee beg to submit a supplementary report as follows:—

Re C. W. Walker.

A registered practitioner, whose name was erased from the Register for infamous and disgraceful conduct as a practitioner.

Your Committee submits that his case be forwarded to the Executive Committee, with the recommendation that his name be restored to the Register on his offering an apology for his past actions, and on an undertaking as to his future conduct suitable to the Council.

Re Andrew Ruppert.

Convicted in the Police Court of selling cocaine in an improper manner. Your Committee recommends that his case be sent to the Executive Committee for action.

All of which is respectfully submitted.

(Sgd.) W. E. CRAIN, Chairman.
A. T. EMMERSON.
A. E. WICKINS.
S. McCALLUM.

Enquiries.

Dr. Connell asked and received permission to make the following enquiries:

(1) How many have registered under the reciprocal agreement with Great Britain?

(2) (See page 15, confidential report of Executive Committee, re case of Kendrick). Is it competent for Kendrick to register in Ontario by means of registration in Great Britain?

(3) (Confidential report of Executive Committee, page 25). Why only one university invited to take part in conference with American Medical Association?

Dr. Arthur asked why prosecution of G. W. Armstrong had been discontinued?

Chiropractic Investigation—Dr. King's Report.

Dr. King read to the Council the report made by him of his investigation of chiropractic institutions in the United States.

Dr. Griffin moved the adjournment of the Council until 10 o'clock to-morrow (Thursday) morning.

Minutes confirmed.

(Sgd.) EDMUND E. KING,
President.

THIRD DAY

MORNING SESSION.

Thursday, June 29th, 1916.

The Council resumed at ten o'clock a.m. Thursday, June 29th, 1916.

Roll Call.

The Registrar called the roll, which was responded to by Drs. Addison, Arthur, Argue, Becker, Brodie, Crain, Cruickshank, Dales, Emmerson, Farncomb, Ferguson, Griffin, Hamilton, Hardy, Jarvis, Johnson, Kellam, King, Eccles, J. M. MacCallum, S. MacCallum, Routledge, Connell, Spankie, Stewart, Walters, Wickins. Sir James Grant entered later.

The minutes of the preceding session were read and confirmed.

Two communications were read, one from G. H. Clarke, asking whether his Cambridge standing would be accepted by this College? (Referred to Registration Committee).

The other from the Auditor. (Referred to the Finance Committee).

NOTICES OF MOTION.

Moved by Dr. Argue, seconded by Dr. Arthur, that the sessional allowance be granted Dr. T. W. H. Young, Territorial Division No. 14, now absent on active service.

Dr. Jarvis moved, seconded by Dr. G. M. Brodie, the following: "At a future session of this Council I shall move re definition of the "Practice of Medicine," that the following revision, subject to such difference as the Executive Committee with our solicitor, Mr. Osler's, approval, may deem wise to adopt, namely:

A PROPOSED SUB-SECTION 1 OF SECTION 49 OF THE ONTARIO
MEDICAL ACT

as follows:—"Any person shall be held to practice medicine within the meaning of this Act, who shall treat, by any means whatsoever, any disease, defect or injury of the human body, for hire, gain or hope of reward:

Provided, that this shall not affect any of the rights or privileges secured to any person or corporation by any Act of the Legislative Assembly of the Province of Ontario, or of the Parliament of the Dominion of Canada; nor shall it apply to the ordinary calling of nursing, or to massage, or bath attendant, or the proprietor of baths."

Notice of Motion.

Dr. Wickins gave notice of motion that he would move, seconded by Dr. Emmerson, "That in view of the prevalence of irregular practice of all kinds of a physical and manipulative character and of the apparent public demand for remedial measures other than the therapies now demanded by our curriculum; and further, in view of the great advances made in recent years by physical measures, especially in high frequency currents, Roentgen rays and radium, I now therefore move that the Council add to its curriculum for the guidance of the teaching bodies, the subject of physical therapeutics, to include a fair knowledge of the therapeutics of light, heat, electricity, Roentgen rays and radium."

Dr. Wickins gave notice that he would move, seconded by Dr. Cruickshank, the following: "Whereas there are a great number of patients in the province addicted to the use of drugs, mostly impecunious, and,

Whereas it is practically impossible to keep these patients from being supplied by friends with drugs where treatment is attempted in public hospitals or at home;

And whereas the only places where absolute regulation of drugs can be enforced is in insane hospitals, which cast odium on the patient, making it difficult to induce patients to enter for treatment:

And whereas medical practitioners have been and are daily besieged by these patients and experience great difficulty in handling the same:

Therefore be it moved that this Council suggest to the Government of Ontario the advisability of establishing a provincial institution for the treatment of drug habitués, preferably a farm, where work in the open air will be an integral part of the treatment."

Dr. Ferguson gave notice, seconded by Dr. Emmerson, that he would move that the report of the Education Committee be presented and considered at the next sitting of this Council.

Dr. S. CONSIDERATION OF REPORTS.

Report of Complaints Committee.

Dr. Argue presented and read the report of the Complaints Committee and moved, seconded by Dr. Farncomb, that the same be adopted. After motion the report was adopted as follows:

To the President and Members of the Ontario Medical Council:

Gentlemen:—Your committee on complaints beg to submit the following report:

24 appeals were received against the findings of the examiners; of these two were granted and 22 rejected.

A number of these applicants have based their appeal on the fact that they have volunteered for military service. This matter will be brought up at a later date, when we feel confident that these cases will receive most generous consideration at the hands of this Council. In consideration of this fact your committee felt that this was not an opportune time to make special concessions.

We also recommend that in the future there be no appeal from the findings of the Board of Examiners.

CONSIDERATION OF REPORTS.

Education Committee's Report.

The report of the Education Committee was read by Dr. Ferguson, and discussed clause by clause. After full discussion, the report, as amended, was moved for adoption by Dr. Ferguson, seconded by Dr. Addison, and carried.

The report is as follows:

Toronto, June 29th, 1916.

To the President and Members of the

College of Physicians and Surgeons of Ontario,

Gentlemen:—

The Education Committee begs to report as follows:

Your Committee has adopted the report referred to it from the Special Committee on Matriculation Standards. This report

recommends that the information and correspondence secured on this subject be handed over to a prior and similar Committee appointed by the Canada Medical Council, which has already made considerable progress in the investigation of this subject.

The Education Committee has also adopted the report of the Special Committee, referred to it, on changes in the Curriculum. This report provides for making the Fifth Year of the medical course wholly and exclusively academic. The report further extends the courses in the final subjects of the curriculum, to bring the curriculum into conformity with the present five year course.

Paragraph Four, page 18, having become superfluous, has been omitted.

Your Committee considered the memorial of the University of Toronto, regarding the discrimination involved in exacting one year's attendance from candidates outside the Dominion, otherwise eligible for our licentiate examination. It was decided to eliminate from paragraph Six, page 19, the following words:—"must conform to the matriculation required by the Council"—"must attend one or more full winter courses of lectures at the regular Medical Schools in Ontario." The elimination of these words removes the objectionable feature of this paragraph, and at the same time provides that candidates outside of the Province shall take the regular examination of this Council.

The question of reciprocity was considered, but as no requisition for reciprocity from the United States was before Council, it was considered inexpedient to entertain the subject of reciprocity at the present time.

The application of the Universities of Toronto and Queen's for recognition of the current "war session" was acceded to, and it is recommended that certificates of attendance at such session be accepted as a regular session of the course, for this year only.

It is also recommended that the regular Fall Examination of the Council be deferred until the close of the said "War Session," December 1st.

The Board of Examiners at the last examination are recommended to be reappointed, namely:

Surgery—Dr. Peter Stuart, Guelph, Ont.; Dr. Norman Beal, London, Ont.

Medicine—Dr. W. T. Connell, Kingston, Ont.; Dr. J. P. Vrooman, Napanee, Ont.

Midwifery and Diseases of Women—Dr. H. T. Machell, Toronto, Ont.; Dr. W. A. Thomson, London, Ont.

Homeopathic—Dr. G. L. Husband, Hamilton, Ont.; Dr. C. W. Becker, Toronto, Ont.

Emergency Homeopathic Examiner—Dr. W. A. McFall, Toronto, Ont.

It is also recommended that the appointment of an allopathic emergency Examiner should occasion require it, shall be left in the hands of the Executive Committee with power.

All of which is respectfully submitted.

(Sgd.) R. FERGUSON,
Chairman.

Special Report on Matriculation Standard.

The Special Committee appointed to confer with the Councils of the various Provinces, with a view to arriving at a uniform standard of Matriculation for said Provinces, begs to report, that it was ascertained that prior to the appointment of this Committee, the Canada Medical Council had appointed a Committee for the same purpose, and that said committee had already made considerable progress in this matter—it was accordingly deemed advisable to leave the matter in the hands of the Committee of the Canada Medical Council, and to turn over all information obtained by our committee to the Dominion Council Committee.

Respectfully submitted.

(Sgd.) R. FERGUSON,
Chairman.

Special Committee on Curriculum Report.

Toronto, June 28th, 1916.

To the Members of the

College of Physicians and Surgeons of Ontario.

Gentlemen:—

Your Special Committee appointed to consider changes in the Curriculum, begs to report that pending the disposal of the question of a six years' course, now under the consideration of the Universities, any radical changes in the Curriculum be deferred for the present.

The committee however recommends the following minor changes in the present regulations:

SECTION II—CURRICULUM.

Paragraph 1—All words after ‘‘shall include’’ shall be omitted and the following words substituted therefor: ‘‘five sessions of 30 teaching weeks in each session.’’

Paragraph 3—The underlined words are amendments:—

Medicine—Three courses of 30 weeks each.

Clinical Medicine—Three courses of 30 weeks each.

Surgery—Three courses of 30 weeks each.

Midwifery—Three courses of 30 weeks each.

Gynecology—Two courses of 30 weeks each.

Pathology and Bacteriology—Three courses of 30 weeks each.

Diseases of Eye, Ear, Nose and Throat—Two courses of 15 weeks each.

Diseases of Children—Two courses of 15 weeks each.

Therapeutics (including physical therapeutics)—One course of 30 weeks.

Jurisprudence and Toxicology—One course of 15 weeks.

Hygiene and Preventive Medicine—One course of 30 weeks.

Psychiatry—One course of 15 weeks.

(These changes bring the Curriculum into conformity with the present Five Year Course).

All paragraph 4, page 18, shall be omitted.

Paragraph 6 has been referred to the General Education Committee.

All of which is respectfully submitted.

(Sgd.) R. FERGUSON,
Chairman.

Prosecutor's Report.

Dr. Johnson moved, seconded by Dr. Farncomb, that the Prosecutor's Report be approved and adopted. (Carried).

Finance Committee's Report.

Dr. J. M. MacCallum read the report of the Finance Committee.

Dr. Emmerson moved, seconded by Dr. Addison, that the report be amended so that the following clause shall be introduced: "that the sessional allowance be \$10 for each half day spent in travel, and \$10 for each half day spent in session, with five cents per mile mileage." (Lost).

Dr. J. M. MacCallum moved, seconded by Dr. Arthur, that the report of the Finance Committee, as amended, be adopted. (Carried).

The report is as follows:

Toronto, June 30th, 1916.

To the President and Members of the
College of Physicians and Surgeons of Ontario,

Gentlemen:—

Your committee beg leave to report that we have examined the Treasurer's Report, properly audited, and find a balance in bank, June 23rd, 1916, of \$16,134.63.

We recommend that the sessional allowance be the same as that of last year.

We recommend that the salary of the Registrar be \$2,500.

We recommend that the per diem allowance of the Examiners be increased to \$20.

Your committee recommend that Miss Rose be granted an honorarium of \$120.

Your committee having carefully considered the question of paying the fee for registration on the register of the Dominion Medical Council of one of the representatives of this Council on the Dominion Medical Council, are of the opinion that it would be an unfortunate precedent to use the funds of the College for this purpose.

Your committee further recommend that the sessional allowance of members absent from the meetings of this Council, owing to absence on active service, be not paid.

Your committee beg to draw attention to clause D, page 24, of the Announcement, suggesting therein that it might be advisable to grant a certificate free of charge to anyone reaching the College of Physicians and Surgeons of Ontario by way of the Dominion Medical Council.

All of which is respectfully submitted.

(Sgd.) JAMES MACCALLUM,
Chairman.

Workmen's Compensation Act—Report of Committee.

The report of the special committee on Workmen's Compensation Act was read, and upon motion of Dr. Kellam, seconded by Dr. Stewart, the report was adopted, as follows:—

Your Committee re Workmen's Compensation Act begs to report, that it heartily approves of the resolution adopted by the Ontario Medical Association, in the matter of the absence of any provision for remuneration for medical attendance.

Your committee feels that the Act is woefully wanting, in not providing a measure whereby the rights of the medical profession may be secured, and suggests that this Council co-operate with the Ontario Medical Association and the Academy of Medicine of Toronto, in appealing to the Government, to have this condition rectified, believing, "that the cost of industrial accidents, both loss of wages and medical attendance, should be borne by industry."

Your committee is of the opinion that the public will be much better served, if medical services are paid for.

It must be conceded that proper medical and surgical attendance is the most satisfactory factor in the successful working of the Act.

Your Committee have noticed, that, by the Report of the Commission on Workmen's Compensation, a surplus of some \$500,000 remains in their hands after adjusting claims. We therefore request the Government to consider payment for medical attendance, before any appeal for reduction in assessment on the part of the contributors to the Fund is entertained.

We recommend that the President name us a committee to co-operate with the Ontario Medical Association and Academy of Medicine of Toronto, in approaching the Government in reference to the desired amendment of the Act:—

Drs. Kellam, Hamilton, King, Crain, Griffin and Stewart.

Your committee respectfully submit the above report.

Workmen's Compensation Act—Special Committee.

The recommendation of this special committee, that the President nominate a committee, associated with the Ontario Medical Association and the Academy of Medicine, to approach the Government, in reference to the desired amendment to the Act, was carried out, when Dr. King, the President, nominated Drs. Kellam, Hamilton, King, Crain, Griffin and Stewart.

Rules and Regulations Committee's Report, re By-Laws.

The report of the committee on Rules and Regulations was submitted by Dr. S. McCallum, the Chairman of that committee.

Dr. S. McCallum moved, seconded by Dr. Stewart, that the report, embodying the by-laws, be now read a first time. (Carried).

Dr. S. McCallum moved, seconded by Dr. Stewart, that the Council do now go into Committee of the Whole, to consider the report clause by clause. (Carried).

The Council then went into Committee of the Whole on the report of the Rules and Regulations Committee, with Dr. Addison in the Chair, when the report was considered clause by clause.

On motion of Dr. S. McCallum, seconded by Dr. Stewart, the Committee rose, the President resumed the Chair, when Dr. Addison reported the by-laws, as amended, adopted in Committee of the Whole.

Dr. S. McCallum then moved, seconded by Dr. Stewart, that the by-laws, as amended, be now read a third time, adopted in Council, signed by the President and sealed with the Seal of the College.

The President put the motion, which, on a vote having been taken, was declared carried.

(For by-laws see first part of Announcement).

Accredited Colleges—Special Committee.

Dr. Addison, seconded by Dr. Ferguson, moved the following resolution: "That a committee, composed of the members of the Education and Registration Committees, be appointed to draft a list of the accredited colleges referred to in Section 2, Clause 6, of the Announcement, 1915-16, and that the Registrar be instructed to obtain sufficient copies of the curricula of the Medical Schools classified as "A plus" in the report of the Committee on medical education of the Carnegie Foundation, and forward a copy of each of such curricula to each member of the committee." (Carried).

Dr. Argue moved, seconded by Dr. Addison, that a vote of thanks be tendered to Dr. King, for his efficient services, and consideration for the welfare of the members of the Council. (Carried).

Dr. King thanked the Council felicitously.

The minutes of the present session were then read and confirmed and signed by the President.

On motion of Dr. Crain, the Council adjourned at one o'clock p.m.

To the President and Members of the Council of the College of
Physicians and Surgeons of Ontario,

Gentlemen:—

Having completed the annual audit of the books of Treasurer and Registrar, I beg to report as follows:
